Homes & Floor Plans

Signature Series | Patriot Series | Traditional Homes | Contemporary Designs | Commercial Designs | Custom Homes

Eagle's Nest Homes represent award winning interior and exterior designs in which the architectural appeal is unparalleled. The Signature Series is specifically designed for those buyers in higher income groups or those wanting to upgrade who demand architectural excellence, quality and lowered costs. Although the construction costs will be higher than other Eagle products, thousands of dollars should be eliminated from the cost of a similar house.

"Our home is on a full daylight basement and includes the second floor two room addition. Our total cost for this home, including the lot is \$320,000. The construction loan appraisal, which does not include the 2nd floor addition, is \$429,000. When the 2nd floor is added, the value of our home easily exceeds \$475,000, yielding us an immediate equity of over \$155,000!" - John M. of Georgia

ENGLISH COTSWALD

First Floor: 1,309 sq. ft.
Second Floor: 860 sq. ft.
Total Living: 2,169 sq. ft.
Garage: 458 sq. ft.
